KADA Membership 2 year (2014-2015) \$300. 1 Year \$200

Dear Members and Colleagues of KADA

Time really flies by quickly. It has already been 9 months since I started my presidency. As I had promised from the beginning to all our members, KADA has already accomplished so many things. Members who are not used to changes may be worried and afraid of these changes, but we will continue to make these changes to make the best of KADA.

We have been instituting Sunday CE courses, and we have been getting a good number of attendees. We were very happy to see members, who are usually less involved, joining us on our Sunday CE's.

Our efforts to try to be connected with other dental societies have come along pretty well and very successful. With LA Dental Society, we will be instituting the Dental Mentorship Program for dental students. We will recruit quality mentors and will be helping dental students to prepare their futures after graduating dental school.

On Sunday, October 5th, 2014, KADA-Hiossen Symposium will be held. Please RSVP in advance to take advantage of KADA membership. All of KADA members should be registered through KADA to get the benefits of lower registration fee.

Finally, we will have our Year End Party on Friday, December 12th, 2014. It will be a fun event for all age groups. We are in the process of finalizing all the details for the party. You can count on it.

During our August KADA Board meeting, KADA Board has decided to waive membership fees for Korean American dentists who are over 70 years of age. Also, KADA CE courses will be free for these members as long as the CE course is prepared by KADA. Please be aware that the upcoming KADA Hiossen CE that is to be held on October 5th, will not be free for senior members because KADA will not be the main host for the symposium. KADA needs to pay for the registration fee for each of our members to Hiossen later. At the same time, registration for the symposium will not be free to KADA Board members for the same reason. KADA Board members used to get CE's for free, but this policy will be under review for the sake of fairness.

All of KADA Board members are trying their best to make KADA better. We will always appreciate any of your support and your participation in our planned events and programs.
Thank you.

Pilseong Kim DDS, MS
President, Korean American Dental Association

KADA YEAR END PARTY

DECEMBER 12TH FRIDAY

**AT
MILLENNIUM BILTMORE HOTEL
DOWNTOWN LOS ANGELES**

MEETING AT A GLANCE

SPEAKERS

**Dr. Mike Chen, DDS**

Dr. Chen is a leading practitioner, teacher and lecturer in implant dentistry in the San Francisco Bay Area, seeking to expand nationally and internationally in field of expertise. He is an innovative dentist with over twenty years of experience providing and overseeing direct dental care, diagnosis, treatment and procedures. Dr. Chen is also a seasoned trainer and advisor to clinical professionals and students in implant dentistry. He is an authority on current principles, methods and procedures for the delivery of medical evaluation, diagnosis and treatment, as well as on legal and ethical standards for the delivery of dental surgical care and related accreditation and certification requirements.

**Dr. John DiPonziano, CDT, DDS, MAGD, DICOI**

Dr. John DiPonziano has been performing the surgical placement and prosthetic restoration of dental implants since the mid-eighties. A 1983 graduate of Temple University School of Dentistry, he also completed a three-year didactic and participatory program in Implantology at the University of Pennsylvania in 1988. Prior to attending dental school, Dr. DiPonziano was a full-time dental technician and earned Certified Dental Technician status, which he still maintains today.

**Dr. Shervin Molayem, DDS**

Dr. Molayem received his Bachelor's degree from UCLA. He continued his education at the prestigious UCLA School of Dentistry for his Doctorate of Dental Surgery degree. He completed a rigorous 3 year specialty program in Periodontics and Implant Surgery at the USC School of Dentistry. He is the founder of both the UCLA and USC Journals of Dental Research. Additionally, he has presented his research on Immediate Implants nationally and lectured internationally on topics of periodontics and dental implants. Recently, the California Society of Periodontology awarded Dr. Molayem with the Straumann Research Scholarship Award. He is a course instructor for Hiossen's AIC Implant Training courses and Sinus Lift Seminars.

**Dr. Stephen Kim, DDS**

Dr. Kim is a graduate of UC San Diego, and also graduated from New York University College of Dentistry with a Doctorate of Dental Surgery Degree. He continued his post grad studies and served his residency and chief residency at Penninsula Hospital Center in New York City where he was exposed to all aspects of oral surgery, bone grafting, implantology, medicine, and trauma.

**Dr. Richard Casteen, DDS**

Dr. Casteen received his B.A. from University of Kansas in Human Biology and Philosophy. He received his Doctorate degree from UMKC in Dentistry. He has a practice in Bakersfield California which is limited to surgery and prosthodontics. His mentor is Carl Misch and has been an implantologist for 15 years. His lecture today is titled : Overdentures The Final Frontier; Diagnosis, treatment, common complications.

**Dr. Eugene Kim, DDS**

Dr. Eugene Kim received his Doctorate of Dental Surgery degree and Certificate in Advanced Prosthodontics from the University of California at Los Angeles, School of Dentistry, where he held a part time teaching position from 2001 to 2006. He is one of the founders and director of the Comprehensive Dental Academy in Southern California, director of numerous implant education courses including AIC Implant Training Courses and director of many other CE courses. He maintains a private practice limited to prosthodontics and implant dentistry in Buena Park, California.

**Dr. Jone Kim, DDS, MS**

Dr. Jone Kim, DDS, MS, was raised in Anaheim, California. He began his undergraduate studies at UCLA and graduated from the UCLA School of Dentistry in 1994. He then went on to residency in Oral & Maxillofacial Surgery at the University Medical Center in Fresno (affiliated with UCLA), graduating in 1998. While he was in residency he received his Master of Science degree in Oral Biology from UCLA's graduate school in 1996. His Master of Science thesis earned him resident research awards from both the American Association of Oral & Maxillofacial Surgeons and the American College of Oral & Maxillofacial Surgeons.
